#### Trustee

State Street Trustees Limited
Quartermile 3
10 Nightingale Way
Edinburgh EH3 9EG
Authorised and regulated by the Financial Conduct Authority.

#### Independent auditor

KPMG LLP 15 Canada Square London E14 5GL

### Manager's investment report

This section gives you confirmation of the Marks & Spencer UK 100 Companies Fund (the "Fund") objective. It also gives you the investment strategy employed by the investment adviser; and an economic, market and portfolio review for the period of the report.

#### Our objectives and methods

#### Objective

The Fund aims to provide capital growth in the long term (five years or more) by tracking the performance of the FTSE 100 Index ('the index').

#### **Policy**

The Fund seeks to achieve this objective through investing in all companies that make up the FTSE 100 Index. It will invest in companies that make up the FTSE 100 Index and may also invest in other transferable securities equivalent to shares in companies, collective investment schemes, money market instruments, deposits and cash in order to manage day-to-day cash flow requirements that will assist the Fund to achieve its objective and are not part of the index. The Fund may invest up to 10% of its value in collective investment schemes.

The Fund may invest in derivatives for efficient portfolio management, which means investment techniques that aim to reduce risks, reduce costs, or generate additional capital or income with a level of risk that is consistent with the risk profile of the Fund.

The Fund does not intend to use financial derivative instruments extensively.

The Fund may not comprise of the same securities (either in terms of exact composition and/or weighting) that are tracked by the index in circumstances where the Manager determines that this is appropriate for reasons of poor liquidity, excessive cost to the Fund or where there are investment restrictions due to regulations or the Manager's banned weapons policy.

#### Investment strategy

The Investment Manager will use a replication approach to track the FTSE 100 Index. This means that the Fund will seek to invest in all of the companies that make up the index and in the same or very similar proportions in which they are included in the index.

From time to time, the Fund may not comprise of the same securities (either in terms of exact composition and/or weighting) that are tracked by the index in circumstances where the Manager determines that this is appropriate for reasons of poor liquidity, excessive cost to the Fund or where there are investment restrictions due to regulations or the Manager's banned weapons policy. The investment restrictions are detailed on page 10 of the Prospectus. The Fund tracks the performance of the index and we show the performance measured against the index over 12 month periods in the Prospectus.

The Fund's performance is measured against the index, because the Fund intends to track the performance of the index.

The Fund uses a "tracking error" to measure the consistency between the Fund's performance and the performance of the index. In general, the lower the tracking error, the more consistent the Fund's performance is relative to the index, and vice-versa.

The anticipated tracking error for the Fund is expected to be up to 0.10%. The anticipated tracking error for the Fund is not a guide to future performance.

## Manager's investment report (continued)

#### Use of derivatives

The Fund may invest in exchange traded and over-the-counter derivatives in accordance with the investment restrictions section of the Prospectus. The Fund does not currently use currency forward contracts or other derivative instruments to hedge against movements in the rate of exchange between sterling and other currencies in which the Fund's assets may be denominated.

#### Information about the index

The FTSE 100 Index is a market capitalisation-weighted index of UK-listed blue chip companies. The index is part of the FTSE® UK series and is designed to measure the performance of the 100 largest companies traded on the London Stock Exchange that pass screening for size and liquidity. FTSE 100 constituents are all traded on the London Stock Exchange's SETS trading system. The index rebalances quarterly on the third Friday of March, June, September and December.

Details of the constituents of the index can be found at ftse.com/products/indices/UK.

#### Review of the 12 months to 28 February 2025

#### Economic and market review

UK equities rose over the review period as the economy remained resilient, with data towards the end of the reporting period showing that the country had narrowly avoided a recession in the last quarter of 2024.

Following a downward trend, UK headline inflation reached the Bank of England's (BoE's) 2% medium-term target in May, but – aside from temporary dips in September and December – rose thereafter, reaching 3% in January. The Labour Party won the general election in July raised hopes of immediate economic recovery, although the sentiment was short lived as new PM Keir Starmer signalled likeliness of an unfavourable Autumn budget consisting of spending cuts and tax increases. As inflation remained close to target, the BoE made its first interest rate cut in over four years in its August meeting (by 25 bps), with Covernor of BoE, Andrew Bailey saying inflationary pressures "have eased enough". The UK Budget, announced at the end of October, revealed a significant front-loaded fiscal boost, financed by sizeable tax hikes and rising government borrowing. The BoE subsequently upgraded its inflation forecast but made another 25bp rate cut in its November meeting. Headline and core inflation eased during December, with service sector inflation moderating. The BoE made one more 25bp rate cut in February, down to 4.5%. With UK inflation numbers picking up, along with healthy pay growth figures, investors moderated their expectations for further rate cuts. UK retail sales also increased, indicating resilience.

#### **Portfolio Review**

The Fund aims to track the FTSE 100 index as closely as possible. The list of companies held within the index is reviewed every three months. During the review period, the portfolio's significant new buys were Alliance Witan, Games Workshop Group, Hargreaves Lansdown, Polar Capital Technology and LondonMetric Property. The significant exits were Flutter Entertainment, Smurfit Kappa Group, B&M European Value Retail, Burberry Group and DS Smith.

#### Portfolio Performance

During the period under review, the value of the units in the Fund fell by 0.18% while the value of the FTSE 100 Index rose by 0.20%.

(Source: Morningstar Direct, GBP, UK net of tax, for the Accumulation unit class. Returns based on a bid to bid basis). Please note that the above information refers to the past and that past performance is not a reliable indication of future returns.

#### Outlook

The Bank of England faces difficult trade-offs. A sharp fall in April's PMI heralds weaker Q2 GDP, reflecting trade worries and higher taxes. Service sector inflation remains sticky due to elevated wage growth. Gradual easing is likely, but increased recession risks could spur more aggressive action. UK stocks trade at record valuation discounts relative to other regions and offer an attractive combined dividend and buyback yield. Weak domestic growth is a risk, but ongoing policy easing should be beneficial. Firms remain vulnerable to volatility driven by signs of slowing global growth and policy uncertainty.

### Portfolio statement

This section details all the different companies in which the Fund invests, by sector. It also shows the number of shares held, the percentage each company represents of the Fund as a whole and the value of those shares at the end of the accounting year (shown under bid value).

<sup>\*\*</sup> The operating charges include all costs borne by the Fund, except for direct transaction costs.

It includes the operating charges of any collective investment schemes in which the Fund invests.

<sup>\*\*\*</sup> The direct transaction costs are made up of fees and commissions paid to agents, advisers, brokers and dealers, levies by regulatory agencies and securities exchanges as well as transfer taxes and duties.

### **Ongoing charges**

For the 12 month period to 28 February 2025: **0.50%**For the 12 month period to 29 February 2024: **0.51%** 

The ongoing charges measure the annual charges and expenses of an investment fund. These will affect the returns to the investor. Most European investment funds highlight the ongoing charges to help you compare the annual charges and expenses of different funds.

Ex-distribution (XD) dates: 1 March and 1 September

Income payment dates: 30 April and 31 October

Underlying fund charges in this report are in relation to the Fund holding investments in other collective investment schemes but excludes holdings in investment trusts.

### Risk and reward profile

| Lower risk    |            |   |   |   |              | Higher risk  |
|---------------|------------|---|---|---|--------------|--------------|
| Typically low | er rewards |   |   |   | Typically hi | gher rewards |
| 1             | 2          | 3 | 4 | 5 | 6            | 7            |

#### More about this rating

The rating is based on price volatility over the last five years. As it is based on historical data, it may not be a reliable indicator of the future risk profile of the Fund. The rating is not guaranteed and may change over time. The lowest rating does not mean a risk-free investment.

#### Why is this Fund in category 6?

This Fund is classified in category 6 because its price or simulated data has shown high fluctuations historically.

#### Tracking error

The tracking error calculated by HSBC Global Asset Management (UK) Limited for the 12 month period to 28 February 2025 was 0.07%. This is in line with the anticipated tracking error for the Fund.

### **Authorised status**

The Fund is an authorised unit trust under Section 243 of the Financial Services and Markets Act 2000 (authorisation orders) and the Financial Conduct Authority Handbook and is categorised as a UK Undertakings for Collective Investment in Transferable Securities (UCITS) scheme.

### Trustee report

Statement of the Depositary's Responsibilities in Respect of the Scheme and Report of the Depositary to the Unitholders of the Marks & Spencer UK 100 Companies Fund ('the Trust') for the Period Ended 28 February 2025.

The Depositary in its capacity as Trustee of the Marks & Spencer UK 100 Companies Fund must ensure that the Trust is managed in accordance with the Financial Conduct Authority's Collective Investment Schemes Sourcebook, the Financial Services and Markets Act 2000, as amended, (together "the Regulations"), the Trust Deed and Prospectus (together "the Scheme documents") as detailed below.

The Depositary must in the context of its role act honestly, fairly, professionally, independently and in the interests of the Trust and its investors.

The Depositary is responsible for the safekeeping of all custodial assets and maintaining a record of all other assets of the Trust in accordance with the Regulations.

The Depositary must ensure that:

- the Trust's cash flows are properly monitored and that cash of the Trust is booked in cash accounts in accordance with the Regulations;
- the sale, issue, repurchase, redemption and cancellation of units are carried out in accordance with the Regulations;
- the value of units of the Trust are calculated in accordance with the Regulations;
- any consideration relating to transactions in the Trust's assets is remitted to the Trust within the usual time limits;
- the Trust's income is applied in accordance with the Regulations; and
- the instructions of the Authorised Fund Manager ("the AFM") which is the UCITS Management Company, are carried out (unless they conflict with the Regulations).

The Depositary also has a duty to take reasonable care to ensure that Trust is managed in accordance with the Regulations and the Scheme documents of the Trust in relation to the investment and borrowing powers applicable to the Trust.

Having carried out such procedures as we consider necessary to discharge our responsibilities as Depositary of the Trust, it is our opinion, based on the information available to us and the explanations provided, that in all material respects the Trust, acting through the AFM:

- (i) has carried out the issue, sale, redemption and cancellation, and calculation of the price of the Trust's units and the application of the Trust's income in accordance with the Regulations and the Scheme documents of the Trust; and
- (ii) has observed the investment and borrowing powers and restrictions applicable to the Trust in accordance with the Regulations and Scheme documents of the Trust.

State Street Trustees Limited 16 May 2025

## Statement of the Manager's responsibilities

The Collective Investment Schemes sourcebook published by the FCA, ("the COLL Rules") require the Manager to prepare financial statements for each annual accounting period which give a true and fair view of the financial position of the Trust and of the net income and net capital gains on the property of the Trust for the period.

In preparing the financial statements the Manager is responsible for:

- selecting suitable accounting policies and then apply them consistently;
- making judgements and estimates that are reasonable and prudent;
- following UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland;
- complying with the disclosure requirements of the Statement of Recommended Practice for UK Authorised
   Funds issued by the Investment Management Association in May 2014;
- keeping proper accounting records which enable it to demonstrate that the financial statements as prepared comply with the above requirements;
- assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern;
- using the going concern basis of accounting unless they either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so;
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; and
- taking reasonable steps for the prevention and detection of fraud and irregularities.

The Manager is responsible for the management of the Trust in accordance with its Trust Deed, the Prospectus and the COLL Rules.

The Manager is responsible for the maintenance and integrity of the corporate and financial information included on the Trust's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

## Certification of financial statements by Directors of the Manager

This report has been prepared in accordance with the requirements of the Collective Investment Schemes Sourcebook as issued and amended by the Financial Conduct Authority.

### Independent auditor's report

### Independent auditor's report to the unitholders of Marks & Spencer UK 100 Companies Fund ('the Trust')

#### **Opinion**

We have audited the financial statements of the Trust for the year ended 28 February 2025 which comprise the Statement of Total Return, the Statement of Change in Net Assets Attributable to Unitholders, the Balance Sheet, the Related Notes and Distribution Tables and the accounting policies set out on pages 23 and 24.

In our opinion the financial statements:

- give a true and fair view, in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland, of the financial position of the Trust as at 28 February 2025 and of the net revenue and the net capital (losses)/gains on the property of the Trust for the year then ended; and
- have been properly prepared in accordance with the Trust Deed, the Statement of Recommended Practice relating to Authorised Funds, and the COLL Rules.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Trust in accordance with, UK ethical requirements including the FRC Ethical Standard.

We have received all the information and explanations which we consider necessary for the purposes of our audit and we believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

#### Going concern

The Manager has prepared the financial statements on the going concern basis as they do not intend to liquidate the Trust or to cease their operations, and as they have concluded that the Trust's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the Manager's conclusions, we considered the inherent risks to the Trust's business model, and analysed how those risks might affect the Trust's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the Manager's use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the Manager's assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the Trust's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Trust will continue in operation.

## Independent auditor's report (continued)

#### Fraud and breaches of laws and regulations - ability to detect

Identifying and responding to risks of material misstatement due to fraud.

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of directors as to the Trust's high-level policies and procedures to prevent and detect fraud, as well as whether they have knowledge of any actual, suspected or alleged fraud;
- Assessing the segregation of duties in place between the Manager, the Trustee, the Administrator and the Investment Manager;
- · Reading board minutes.

As required by auditing standards, we perform procedures to address the risk of management override of controls, in particular the risk that management may be in a position to make inappropriate accounting entries. On this audit we do not believe there is a fraud risk related to revenue recognition because the revenue is principally non-judgemental and based on publicly available information, with limited opportunity for manipulation. We did not identify any additional fraud risks.

We also performed procedures including:

Evaluating the design and implementation of the controls over journal entries and other adjustments and
made inquiries of the Administrator about inappropriate or unusual activity relating to the processing of
journal entries and other adjustments. We identified and selected a sample of journal entries made at the end
of the reporting period and tested those substantively including all material post-closing entries. Based on
the results of our risk assessment procedures and understanding of the process, including the segregation of
duties between the Directors and the Administrator, no further high-risk journal entries or other adjustments
were identified.

Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations.

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience and through discussion with the Manager and the Administrator (as required by auditing standards) and discussed with the Directors the policies and procedures regarding compliance with laws and regulations.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.

The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Trust is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related authorised fund legislation maintained by the Financial Conduct Authority) and taxation legislation and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Secondly, the Trust is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation. We identified the following areas as those most likely to have such an effect: money laundering, data protection and bribery and corruption legislation recognising the Trust's activities. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the Directors and the Administrator and inspection of regulatory and legal correspondence, if any. Therefore if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, an audit will not detect that breach.

## Independent auditor's report (continued)

#### Context of the ability of the audit to detect fraud or breaches of law or regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

#### Other information

The Manager (Marks and Spencer Unit Trust Management Limited) is responsible for the other information presented in the Annual Report together with the financial statements. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- · we have not identified material misstatements in the other information; and
- in our opinion the information given in the Manager's Report for the financial year is consistent with the financial statements

#### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where under the COLL Rules we are required to report to you if, in our opinion:

- · proper accounting records for the Trust have not been kept; or
- the financial statements are not in agreement with the accounting records.

#### Manager's responsibilities

As explained more fully in their statement set out on page 16, the Manager is responsible for: the preparation of financial statements that give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

#### Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at: www.frc.org.uk/auditorsresponsibilities.

## Independent auditor's report (continued)

#### The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Trust's unitholders, as a body, in accordance with Rule 4.5.12 of the Collective Investment Schemes sourcebook ('the COLL Rules') issued by the Financial Conduct Authority under section 247 of the Financial Services and Markets Act 2000. Our audit work has been undertaken so that we might state to the Trust's unitholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trust and the Trust's unitholders as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 22 to 31 are an integral part of these financial statements.

### Notes to the financial statements

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### 1. Accounting policies

#### (a) Basis of accounting

The financial statements have been prepared under the historical cost basis, as modified by the revaluation of investments and in compliance with FRS102 and in accordance with the Statement of 'Recommended Practice (SORP) for Financial Statements of Authorised Funds issued by the Investment Association in May 2014 (and amended in June 2017). Unless otherwise stated all accounting policies are consistent with those of the prior year.

The Manager has undertaken a detailed assessment of the Fund's ability to meet its liabilities as they fall. This includes liquidity, declines in global capital markets and investor redemption levels. Based on this assessment, the Fund continues to be open for trading and the Manager is satisfied the Fund has adequate financial resources to continue in operation and accordingly it is appropriate to adopt the going concern basis in preparing the financial statements.

#### (b) Recognition of revenue

Revenue from quoted equities is recognised net of attributable tax credits when the security is quoted ex-dividend.

Interest from bank deposits is recognised on an accrual basis. All other revenue is recognised on a receipts basis.

Overseas revenue received after the deduction of withholding tax is shown gross of taxation, with the taxation consequences shown within the taxation charge.

Special dividends are treated as repayments of capital or revenue depending on the facts of each particular case.

The ordinary element of stock dividends is treated as revenue and forms part of the distribution. In the case of an enhanced stock dividend, the value of the enhancement is treated as capital and does not form part of the distribution.

#### (c) Treatment of expenses

All expenses (other than the Manager's periodic fee) incurred by the Fund have been borne by the Manager. The Manager's periodic charge is deducted from revenue for the purpose of calculating the distribution.

#### (d) Distribution policy

The policy is to distribute all available revenue, after deduction of those expenses which are chargeable in calculating the distribution.

In order to conduct a controlled dividend flow, interim distributions will be at the Manager's discretion, up to a maximum of the distributable revenue for the year.

All remaining revenue is distributed in accordance with the Collective Investment Schemes Sourcebook.

Distributions which have remained unclaimed by Unitholders for over six years are credited to the capital property of the Fund.

#### (e) Basis of valuation of investments

The investments, including derivatives, are valued at bid market value, excluding any accrued revenue, at 5pm on 28 February 2025, being the last working day of the accounting year.

Where values cannot be readily determined, the securities are valued at the Manager's best assessment of their value.

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### (f) Taxation

Provision is made for taxation at current rates on the excess of taxable investment revenue over expenses. Deferred tax is provided for on all timing differences that have originated but not reversed by the balance sheet date, other than those differences that are regarded as permanent. Any liability to deferred tax is provided for at the average rate of tax expected to apply. Deferred tax assets and liabilities are not discounted to reflect the time value of money.

#### (g) Exchange rates

Transactions in foreign currencies are translated at the rate of exchange ruling on the date of the transaction. Where applicable, assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at 5pm on 28 February 2025, being the last working day of the accounting year.

#### For the year ended 28 February 2025

#### 2. Net capital gains/(losses) on investments

|   | 28.02.25<br>£ | 29.02.24<br>£ |
|---|---------------|---------------|
| The net capital gains/(losses) on investments during the year comprise:                                     |               |               |
| Currency losses   | (10,345)      | (678)         |
| Gains/(losses) on non-derivative securities   | 35,902,064    | (8,359,259)   |
| Gains/(losses) on derivative contracts  | 385,585       | (212,258)     |
| Net capital gains/(losses) on investments   | 36,277,304    | (8,572,195)   |
| Amounts included in net losses on investments in respect of special dividends which were treated as capital | 434,701       | 90,311        |

#### 3. Revenue

| 28.02.25  | 29.02.24  |
|-----------|---|
| £         | £   |
| 8,671,920 | 9,689,591   |
| 159,623   | 291,839   |
| 112,791   | 70,055  |
| 12,303    | 15,210  |
| 63,434    | 68,902  |
| 9,020,071 | 10,135,597  |
|           | 8,671,920<br>159,623<br>112,791<br>12,303<br>63,434 |

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### 4. Expenses

|  | 28.02.25<br>£ | 29.02.24<br>£ |
|--|---------------|---------------|
| Payable to the Manager, associates of the Manager, and agents of either of them: |               |               |
| Manager's periodic charge  | 1,233,758     | 1,356,268     |

Please note that the remaining expenses of the Fund are paid by the Manager.

#### 5. Taxation

#### (a) Analysis of charge in year

|   | 28.02.25 | 29.02.24 |
|---|----------|----------|
|   | £        | £        |
| Overseas tax                                | 3,507    | 6,952    |
| Total current tax charge for year (note 5b) | 3,507    | 6,952    |

#### (b) Factors affecting current tax charge for the year

The tax assessed for the year is lower than the standard rate of corporation tax in the UK for an authorised unit trust (20%). The differences are explained below:

|                                       | 28.02.25    | 29.02.24    |
|---------------------------------------|-------------|-------------|
|                                       | £           | £           |
| Net revenue before taxation           | 7,786,313   | 8,779,329   |
| Corporation tax at 20%                | 1,557,263   | 1,755,866   |
| Effects of:                           |             |             |
| Revenue not subject to taxation       | (1,766,309) | (1,996,286) |
| Current year expenses not utilised    | 209,046     | 240,420     |
| Irrecoverable overseas tax            | 3,507       | 6,952       |
| Current tax charge for year (note 5a) | 3,507       | 6,952       |

#### (c) Provision for deferred taxation

At 28 February 2025 there is a potential deferred tax asset of £11,755,471 (29.02.24: £11,546,425) in relation to surplus management expenses. It is unlikely the Fund will generate sufficient taxable profits in the future to utilise this amount and therefore no deferred tax asset has been recognised in the year.

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### 6. Distributions

The distributions take account of amounts received on the issue of units and amounts deducted on the cancellation of units, and comprise:

| Interim dividend distribution   |    |  | 28.02.25  | 29.02.24  |
|---|----|--|-----------|-----------|
| Final dividend distribution         2,265,638         2,734,646           Add: Amount deducted on cancellation of units         704,087         133,892           Deduct: Income received on issue of units         (13,738)         (12,208)           Net distribution for the year         7,782,587         8,772,458           7. Movement between net revenue and distributions         28,02.25         29,02.24           E         £         £           Net revenue after taxation         7,782,806         8,772,377           Undistributed income carried forward         (219)         81           Net distribution         7,782,587         8,772,458           8. This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### 11. Reconciliation of units

|                                  | income      | Accumulation |
|----------------------------------|-------------|--------------|
| Opening units issued at 29.02.24 | 16,135,907  | 48,231,267   |
| Units issued                     | 413,900     | 283,300      |
| Units cancelled                  | (1,745,900) | (12,217,400) |
| Units converted                  | 3,379       | (1,574)      |
| Closing units at 28.02.25        | 14,807,286  | 36,295,593   |

#### 12. Equalisation

This applies only to units purchased during the distribution period (Group 2 units). It is the average amount of income included in the purchase price of all Group 2 units and is refunded to the holders of these units as a return of capital. Being capital it is not liable to Income tax but must be deducted from the cost of units for capital gains tax purposes.

#### 13. Contingent liabilities and outstanding commitments

There were no contingent liabilities & outstanding commitments at the balance sheet date (29.02.24: no contingent liabilities and outstanding commitments).

#### 14. Risk in relation to financial instruments

In accordance with its investment objectives and policies, the Fund holds certain financial instruments.

These comprise:

- Securities held in accordance with the investment objectives and policies;
- Cash and short-term debtors and creditors that arise directly from its operations;
- Unitholders' funds which represent investors' monies which are invested on their behalf.

The Fund does not trade in financial instruments to make short-term speculative gains.

It buys investments with the intention of tracking the FTSE 100 index.

Overall responsibility for the Marks & Spencer Unit Trust Funds rests with the Board of Directors of Marks & Spencer Unit Trust Management Limited (M&SUTM), which is part of the HSBC group. The performance of the Fund, and the individual investment managers to the Fund, is monitored by the M&SUTM Business Committee on a monthly basis. This Committee reports any findings or recommendations to the Board of Directors. HSBC Global Asset Management, as the overall investment manager to the Fund, also provides its own separate performance analysis to the Board of Directors on a quarterly basis.

The accountability for Fund performance and the selection or de-selection of investment managers sits with the Board of Directors. They are responsible for ensuring that the Fund is managed in accordance with the Fund's investment objective, policy and risk profile.

The main risks arising from the Fund's financial instruments are market price risk, foreign currency risk, Interest rate risk, liquidity risk and credit/counterparty risk. The Manager has policies for managing each of these risks and these are summarised below. These policies have remained unchanged for the current and prior year.

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### Market price risk

The Fund's investment portfolio is exposed to market price fluctuations. As most of the Fund is invested in shares on the stock market, such price movements can significantly affect the Fund value.

The risk is reduced by having a spread of investments in the Fund, as shown in the portfolio statement in this report.

In addition, we ensure that the Fund complies with the investment guidelines and investment and borrowing powers set out in the Trust Deed and the Prospectus. This is done through daily checks and quarterly reviews.

If market prices had increased by 10% as at the balance sheet date, the net asset value of the Fund would have increased by £24,084,471 (29.02.24: £26,066,273). If market prices had decreased by 10% as at the balance sheet date, the net asset value of the Fund would have decreased by £24,084,471 (29.02.24: £26,066,273). These calculations assume all other variables remain constant.

#### Foreign currency risk

Foreign currency risk is the risk that the value of the Fund's investment holdings will fluctuate as a result of changes in foreign currency exchange rates.

The Manager may seek to manage exposure to currency movements by using forward exchange contracts or by hedging the sterling value of investments that are priced in other currencies.

Revenue received in other currencies is converted to sterling on the date of receipt.

The balance sheet can be affected by movements in foreign exchange rates. The table below shows the foreign currency holdings at the report date. As the Fund invests mainly on the UK stock market, there is usually very little investment in foreign currency assets.

#### Net currency monetary/non-monetary assets and liabilities consist of:

|           | Portfolio of investments £ |             |          |           |             | Net assets<br>£ |  |  |
|-----------|----------------------------|-------------|----------|-----------|-------------|-----------------|--|--|
|           | 28.02.25                   | 29.02.24    | 28.02.25 | 29.02.24  | 28.02.25    | 29.02.24        |  |  |
| Sterling  | 240,844,712                | 260,662,731 | 243,651  | 1,640,131 | 241,088,363 | 262,302,862     |  |  |
| Euro      | -                          | -           | 13,695   | 101,792   | 13,695      | 101,792         |  |  |
| US dollar | -                          | -           | 398,099  | 535,242   | 398,099     | 535,242         |  |  |
| Total     | 240,844,712                | 260,662,731 | 655,445  | 2,277,165 | 241,500,157 | 262,939,896     |  |  |

If sterling to foreign currency exchange rates had increased by 10% as at the balance sheet date, the net asset value of the Fund would have decreased by £41,179 (29.02.24: £63,703). If sterling to foreign currency exchange rates had decreased by 10% as at the balance sheet date, the net asset value of the Fund would have increased by £41,179 (29.02.24: £63,703).

#### Interest rate risk

Interest rate risk is the risk that the value of the Fund's investment holdings will fluctuate as a result of changes in interest rates

Cash balances are held with HSBC Bank plc and interest is earned at a rate linked to the UK base rate, or international equivalent.

At the year end date 0.21% (29.02.24: 0.63%) of the Fund's assets by value were interest bearing.

A change in interest rates would not have a significant impact on the Fund.

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### Liquidity risk

This is the risk that the Fund does not have enough liquid assets, such as cash, to cover any liabilities that become due.

The main liability of the Fund is the redemption of any units that Unitholders may wish to sell. All of the Fund's financial liabilities are payable on demand. To manage this risk, the majority of the Fund's assets are in shares of large companies in the UK which can usually be sold immediately to raise cash to settle any liabilities.

In addition, a small percentage of the Fund is held as cash in Sterling with the custodian, HSBC, and interest is earned at a rate linked to the UK base rate.

#### Credit/counterparty risk

Certain transactions in securities that the Fund enters into expose it to the risk that the counterparty will not deliver the investment (purchase), or cash (sale) after the Fund has fulfilled its responsibilities.

The extent of this risk is usually limited as amount awaiting settlement from transactions at any point is only a small proportion of the Fund.

This risk is managed by the investment adviser, carefully selecting the authorised counterparties they deal with and dealing only on eligible stock markets. Cash in the Fund is held with the custodian, HSBC. The Trustee appoints the custodian and has the regulatory responsibility for monitoring them.

The Fund's assets held with banks and with the Trustee are also exposed to credit risk. The banks and Trustee used by the Fund are subject to regular review.

#### 15. Ultimate controlling party and related party transactions

The Manager is regarded as a controlling party of the Fund by virtue of having the ability to act in concert in respect of Fund operations. The ultimate controlling party of the Manager is HSBC Group plc.

This entity and its subsidiaries are also related parties of the Fund.

At the year end, the Manager and its associates held 0.02% (29.02.24: 0.01%) of the Fund's units in issue. Details of all other material related party transactions during the year and any payment amounts outstanding at the balance sheet date are disclosed in notes 3, 4, 8 and 10 to the financial statements and the statement of change in net assets attributable to Unitholders and the portfolio statement. Within note 3, revenue relating to related parties totalled £1,616,398 (29.02.2024: £1,176,408), and within note 8, accrued income of £nil (29.02.2024: £nil) is from related parties. Within note 10, accrued expenses (including amounts due to associates and agents) of £91,968 (29.02.24: £104,767) are due to the Manager.

At the year end the Fund held £18,803,600 (29.02.24: £16,308,222) in HSBC Holdings, the parent company of the Manager. During the period transactions in HSBC Holdings totalled £4,371,275 (29.02.24: £930,921).

Certain expenses of the fund amounting to £77,357 (29.02.24: £74,540) were met by the Manager in order that the Fund can meet the CAT standards.

There were no units held by the Trustee or its associates.

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### Commissions, taxes and other expenses as % of average Net Assets

Commissions 0.01%
Taxes 0.02%
Other expenses 0.00%

Portfolio transaction costs are incurred by the Fund when buying and selling underlying investments. These costs vary depending on the class of investment, country of exchange and method of execution.

These costs can be classified as either direct or indirect transaction costs:

**Direct transaction costs:** Broker commissions, fees and taxes.

**Indirect transaction costs:** 'Dealing spread' – the difference between the buying and selling prices of the Fund's underlying investments.

At the balance sheet date the portfolio dealing spread was 0.04%, being the difference between the respective bid and offer prices for the Fund's investments.

This section provides a more detailed explanation of specific items included in the balance sheet and statement of total return.

#### For the year ended 28 February 2025

#### 17. Fair value of investments

FRS 102 requires an entity to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy shall have the following classifications:

**Level 1:** unadjusted quoted prices in an active market for identical assets or liabilities that the entity can access at the measurement date.

**Level 2:** inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly.

Level 3: inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability.

#### 18. Stock Lending Activities

The Fund does not currently undertake stock lending.

#### 19. Financial Derivatives

The Fund has used financial derivatives for hedging and meeting investment objectives including risk reduction and implementation of investment policies. The use of derivatives can create additional counterparty risks.

Details of the policy adopted by the Manager for managing counterparty and other risks are set out in the Notes to the financial statements. The types of derivatives held at the year end were index futures. Details of the individual contracts are shown on the portfolio statement on page 10, and the total position by the counterparty at the year end is summarised below:

The market value for each category of derivatives was as follows:

| Counterparty | Futures  |          | Total    |          |  |
|--------------|----------|----------|----------|----------|--|
|              |          | £        |          | £        |  |
|              | 28.02.25 | 29.02.24 | 28.02.25 | 29.02.24 |  |
| HSBC Bank    | 13,646   | 3,440    | 13,646   | 3,440    |  |

Eligible collateral types are approved by the Manager and may consist of cash, UK gilts, certificates of deposit, treasury bills, sovereign debt, eurosterling bonds and equities.

#### 20. Post Balance Sheet Event

There were no material post balance sheet events which have a bearing on the understanding of the financial statements.

- Update to "Charges" to amend the Ongoing Charges figure and charges date.
- Update to "Past Performance" to include performance information for the Fund and Benchmark for 2024.

## Remuneration (Unaudited)

Marks and Spencer Unit Trust Management Limited (M&SUTM) is the authorised Fund Manager and operator of four Unit Trust Funds governed by the Undertakings for Collective Investment in Transferable Securities (UCITS) Directive. Under the UCITS V Directive, the Manager is required to disclose information relating to the remuneration paid to its staff for the financial year.

No staff are directly employed by M&SUTM. Staff employed by Marks and Spencer Financial Services plc (M&SFS) carry out a number of activities on behalf of M&SUTM. M&SUTM does not directly manage the investments held in the Funds. Fund management has been delegated to HSBC Global Asset Management (UK) Limited (AMEU), who is not currently sub-delegating management of the Fund to any investment adviser. M&SUTM, M&SFS, and AMEU are part of the HSBC Holdings plc Group. HSBC Global Asset Management (UK) Limited is an authorised UCITS Management Company and complies with the Financial Conduct Authority's remuneration rules applicable to UCITS management companies.

We consider that the remuneration information of employees of M&SFS and AMEU, carrying out activities for M&SUTM UCITS Funds, is not materially relevant for the M&SUTM UCITS Funds taking into account the other activities carried out by these employees for HSBC Group. Accordingly, no remuneration related information has been provided.

The up-to-date remuneration policy of the Manager, including, but not limited to, a description of how remuneration and benefits are determined and the governance arrangements for determining remuneration and benefits is available at:

https://bank.marksandspencer.com/pdf/IVRemunerationPolicy.pdf A paper copy is available from the Manager free of charge upon request.

## The Task Force on Climate-related Financial Disclosures (TCFD)

The Manager is not required to produce a Task Force on Climate-related Financial Disclosure (TCFD) report for the Fund. This is because the total assets under management of the Manager are below the regulatory threshold for reporting.

### Important information

A copy of the latest Assessment of Value Report for our unit trusts is available on our website at https://bank.marksandspencer.com/save-invest/investments/. We continually review our unit trusts to ensure they deliver the good value our investors expect from us and to help investors assess whether they are getting value for money from their unit trust. The Financial Conduct Authority (FCA) now requires asset management firms to publish an Assessment of Value Report each year.

The report details our overall assessment of value rating for each fund and any actions or further reviews we are undertaking where applicable.

### **Accessibility**

At M&S Bank we understand that everyone has different needs. Whether you're dealing with a life event, want information sent to you in a certain format, such as large print, braille or audio, or if you have any health and accessibility needs, we're here to help. Let us know how we can support you. Visit marksandspencer.com/accessibility, use our `Chat with us' service or call us on 0345 900 0900.
