

# See how well we're dealing with customer complaints

At M&S Bank, we've always worked hard to exceed our customers' expectations. We know we don't always get things right, that's why customer feedback is so important. It gives us insight into the areas where we need to improve.

What matters is to fix the right things – those things that matter most to our customers. So, through our customers surveys and social media pages, please keep letting us know how we're doing. We'll continue to improve what we do, so that we deliver an excellent service we can be proud of.

In 2021 our key priorities will continue to be:

- Listening to our customers through their feedback and responses to customer surveys
- Working on the root causes of complaints and the individual outcomes for our customers, so issues can be fixed properly first time
- Looking at all the different interactions customers have with us, so we can make the whole banking experience better
- Simplifying our products and services and the processes behind them

So you can see how we are doing, we've provided a summary of our complaints data for the first half of 2021.
